

*Leaping, running, jumping, catching, pulling, dancing, puffing, panting and strutting on the cat (oops Dog) walk. Come and see these very clever dogs do what they love...having fun.*

# All Dogs Sports Spectacular ..... it's free

A fun day for the whole family – the 2016 theme is:

## 'Dogs on Screen'

**Roll out the Green carpet!**

Breed stalls and demonstration stands will be themed with their favorite doggie Movie star or hero....see if you can guess who they are! Doggie Awards for the best themed breed stall or stand.

Watch the demonstrations of a variety of dog sports, from Agility, Obedience, Rally-O, Flyball, Dances with Dogs, Lure Coursing, Weight Pulling, Canine Disc (Frisbee), Herding and Tracking. Be involved in the Tracking demonstration where a very smart dog with a very sensitive sense of smell will **sniff out a lost character??** Who could it be??

Prizes and lucky dips for the children are to be had when the Doggie Passport is filled out at the many breed stands. See the amazing display of different breeds – too many to mention, from Afghans to Yorkshire terriers. What about the hairless dogs? Different breeds and certainly different sizes: Great Dane to Chihuahua, Pomeranian to St Bernard, they are all there. Talk to the breeders and ask questions. Then of course, there are the Show Dogs, the nobility of the dog world!

Other activities on the day:

**Royal Brisbane Dog Grooming Competition** – classes at 9:00am & 12:15pm

Visit our **Ronald McDonald House** – face painting for the kids, Snow Cones & Fairly floss.

**Canine Art & Craft Show** – entries from all over Queensland. A few of the entries will be offered for sale with some of the proceeds being donated to Ronald McDonald House Charities

30 minute information sessions on **Health & Behaviour issues.**  
Ask questions!

Although **entry is FREE**, we ask for a **Gold Coin Donation** to raise money for Ronald McDonald House Charities so that Delta Therapy Dogs can continue to bring happiness to very sick children and their families.
