President's Message

“We just had the Dogs Queensland August Board meeting last night so it is a good time to write this message to members. For those who are unaware, these meetings happen the fourth Monday of the month and usually run for around 3 and a half hours from 6pm to 9.30pm. Directors try to physically attend but that is not always possible, and Zoom has been a good option particularly during Covid times.

The role of a director is a voluntary one and directors are not paid for their time and effort in the role. For those travelling extensive distances to and from the meeting, there is ambit for reimbursement of petrol expenses. And of course, our Zone 2 and 3 directors, able to attend in person, have their return flights paid for by Dogs Queensland.

We generally have an extensive agenda at these board meetings, so directors need to read the material provided with the agenda prior to the meeting to ensure that they can discharge their considerable responsibilities under the Corporations Law as a director for the Canine Control Council (Queensland) Ltd. The Executive, comprising Mrs Barb Murfet, Miss Carolyn Ryan and myself, generally meet with the General Manager, Rob Harrison, the week before the Board meeting for a heads up on issues to be addressed at the meeting and any further preparatory work that needs to be undertaken.

The Canine Control Council (Queensland) Ltd has two director positions on the Australian National Kennel Council Ltd (ANKC Ltd) with similar Corporations Law responsibilities for this national body. Those director positions have traditionally been held by the President and Senior Vice President. Over the last few years those Board meetings have been conducted over Zoom with good results. The ANKC Ltd Board meeting on 15 and 16 October 2022 will be conducted in person in Sydney with the State and Territory administrators meeting the day before on Friday 14 October.

This will be a super opportunity for directors and administrators to meet new faces in some of these roles and to further develop effective networks.

The Ekka

It was just great to have the Ekka happening after 2 years of Covid cancellations. The new venue was well received by exhibitors with the high roofline giving an airy and light atmosphere. Considering it was a new venue and the length of time since the last Ekka, I think the RNA did an excellent job with the organising and staging of the Dog Show.

There is no doubt that improvements can be made but that is to be expected. We are looking forward to meeting with RNA officials for a de-brief and to work towards improvements in the staging of the dog show in 2023. The Dogs Queensland stand needs to be better located and this will be on the agenda.

As a steward I announced on Ring 2 at the Ekka and worked with the other stewards over 6 long days. I have done this for quite a number of years now giving me a pretty good understanding of the Ekka Dog Show operations. And I can say that there is a very good case for having toilet facilities just for exhibitors, stewards and judges due to the extensive queues that we experienced in the outside facilities.

Some misinformation has been circulating on social media about Dogs Queensland providing and funding alcohol for stewards at the Ekka when that is absolutely not true. Dogs Queensland is a sponsor of the Ekka and contributes funds as a sponsor and for space for the Dogs Queensland stall.

Stewards are required to be members of Dogs Queensland and volunteer their services over specified dates for the duration of the Ekka. The RNA has routinely provided complimentary alcohol and soft drinks for stewards in each of the divisions at the Ekka for many years. At the end of a long day stewards can have a drink and some cheese

and crackers and enjoy each other's company before heading home. Purchased alcohol must be consumed in designated areas on the grounds but the Ekka Showgrounds are a fully licensed venue meaning that the consumption of this complimentary alcohol provided by the RNA is perfectly legal. I hope this clarifies the position.

Breeders' Corner

A reminder to members that compulsory DNA testing is being extended to limited register litters meaning that all puppies will need to be DNA tested, whether on the Main or Limited Registers. For Limited Register puppies this will come into effect from 1 January for puppies whelped from that date.

It is confirmed that there is a choice of Massey or Orivet for DNA testing. We are now in September so it is a good opportunity for breeders to "get their houses in order" and look to DNA profile their breeding stock in the lead up to 1 January 2023.

Judges Exhibiting at CACIB/FCI Shows

Just a reminder with the forthcoming shows that the following FCI rule needs to be complied with just at the CACIB/ FCI Shows.

The dogs that a judge handles at a FCI-CABIB show where he is not acting as a judge must be bred, owned or co-owned by him, by a partner, by a member of his immediate family or any person living with him in his household.

Wishing you and your families a very happy springtime in our dog world. ”

President Dogs Queensland

DOGS AUSTRALIA SURVEY – ROTTWEILER OWNERS

JUVENILE LARYNGEAL PARALYSIS POLYNEUROPATHY

In accordance with the June 2022 Special Board meeting minutes an online survey is now available from the link provided below where Dogs Australia is seeking feedback from owners of Rottweilers regarding the following proposal.

Proposal:

To be added to Regulation Part 6, 8.17. Effective from 1/1/23 ALL Rottweilers be tested for JUVENILE LARYNGEAL PARALYSIS POLYNEUROPATHY (JLPP) prior to being mated and only Clear to Clear or Clear to Carrier be permitted. The exception to this is Frozen Semen whereby a sample can be taken from left over semen when a bitch is inseminated and then sent off for testing; in these cases the bitch must be a Clear on the chance the sire may be a Carrier. Certificate to be provided by the Laboratory carrying out testing eg: Laboklin, OFA, Orivet. Samples must be taken by a Vet or a Certified Collector.

Rationale:

Currently this only applies to Members of State Rottweiler Clubs, but due to the horrific outcome for puppies where two carriers are still being mated by non Club members we request ALL breeding pairs be tested. Over the past 6 years stats show an average of 19% of the Rottweiler population worldwide being tested are shown to be carriers. This is a recessive gene and can be controlled by selective breeding. Please read attached NRC(A) JLPP Scheme.

We refer to Dogs Australia Statement: Dogs Australia registered breeders follow a strict code of ethics, conduct health checks and, for accountability, are supported by a database of inherited diseases – ORCHID. We believe JLPP should be added.

The online survey can now be accessed from: <https://www.surveymonkey.com/r/Z9NTFW3>

The link is also available from the Dogs Australia website at: <https://dogsaustralia.org.au/>

JUDGES' TRAINING RULES AND REGULATIONS

Regulations for Judges Training Conformation 2022/2023 Self- Education and Self-Funded Program

General

1. The Rules and Regulations of the Dogs Queensland Judges Training Program (JTP) are amended from time to time; such amendments are published by DQ. These Dogs Queensland Regulations for the JTP comply with the philosophy of the ANKC Rules but also accommodate necessities required by the diverse nature of metropolitan and regional Queensland. These regulations are effective immediately.
2. Aspiring judges and all interested members are reminded that membership in the JTP confers no automatic right to become a Judge. Dogs Queensland will consider the suitability and behaviour of all applicants entering the JTP. Becoming a Judge requires successful completion of the syllabus following which the aspiring Judge must earn the privilege to be registered and acknowledged as a Judge. This privilege may be withdrawn should circumstances warrant and after all facts have been considered.
3. An essential requirement of acceptance, and continued progression, in the JTP (including applications for both theory and practical examinations) is a demonstrated significant and continued participation in the management or operation of an affiliated Dogs Queensland Club or Committee. Trainees must complete the "Club Activity" form each year. This documentation **MUST** accompany ALL applications; including first time applicants, theory examinations and practical examinations, irrespective of the number of Championship Show groups a Judge may hold. Applications which do not include this mandatory documentation will be rejected unless appropriately documented reasons for extenuating circumstances are approved by the Conformation Judges Committee (CJC).
4. The Dogs Queensland JTP is available for eligible members of Dogs Queensland who are residents of Queensland. Queensland residents who were previously members of other ANKC Affiliates and were previously in an equivalent ANKC recognised training program, will be recognised under a reciprocal agreement, provided all requirements are fulfilled.
5. Any persons who were previously resident in another State or Territory (and members of that State or Territory), and were not in the Judges Training Program, and who are now bona-fide residents of Queensland, may apply to enter the JTP upon providing a letter from their previous controlling body showing they comply with the entry requirements for Aspiring Judges.
6. The JTP is a continuous program. Persons who are unable to continue in the system due to illness, injury or issues of a personal nature, should apply in writing to the CJC for a leave of absence for a suitable period.
7. Members are not permitted to accept judging appointments or sign contracts to judge, until official written notification from Dogs Queensland, advising their judging status, has been received by them.
8. A member who has previously held Championship Show status may apply for reinstatement. Where a period of absence has occurred from the Judges List, reinstatement will be considered only after the member concerned has passed 90% of an Open Book examination on a number of the major breeds in the Group(s), plus those breeds which have been introduced by the ANKC during their absence. In some instances, particularly for longer periods of absence, the CJC may require a practical assessment which would be conducted using similar procedures to the Practical Examination as described in **Regulation 38**, and at a date to be determined by the CJC. Should the candidate fail the assessment, they would be added to the Open Show Panel and be required to fulfil the requirements as set out in **Regulations 17-21**.
9. A member who has previously held an Open show status and has previously passed the theory exams for a Group may apply for reinstatement to the Open show panel. To then proceed they must complete all the requirements of the current Group

JUDGES' TRAINING RULES AND REGULATIONS

Training Program.

10. Any Trainee Judge or Aspiring Judge who is found to have engaged in unsportsmanlike or unprofessional behaviour or has breached the Dogs Queensland Rules or the Dogs Queensland Code of Ethics or the Board of Dogs Queensland Judges Code of Ethics, or is not fulfilling training regulations, will be held accountable and may be suspended or removed from the JTP and / or the Judges Panel.
11. The CJC, in determining whether to remove or suspend, will consider all the facts and will provide their recommendation to the Board of Dogs Queensland.
12. A right of appeal is available, and an appeal may be made to the Board of Dogs Queensland in writing within 14 days of the official notification of the removal or suspension.

Definitions

13. Terms used in these Regulations are defined below:

- b. **CJC:** Conformation Judges Committee.
- c. **DQ:** Dogs Queensland
- d. **First Time Applicant (Aspiring Judge):** A person accepted into the Judges Training Program as a First Time Applicant.
- e. **JTP:** Judges Training Program.
- f. **Primary Group:** The Group in which the candidate first bred / exhibited dogs.

14. Starting 1st July and terminating 30th June each year, a Trainee Judge must fulfil the following requirements:

All trainee judges must complete a minimum of Ten (10) Stewarding appointments in Queensland at any Dogs Queensland affiliated Show. Six (6) of these must be at Championship shows, the other Four (4) can be made up of writing and assembly stewarding at Championship shows or stewarding at Open Shows.

- Note: Ring Stewarding for Two (2) or more Groups at the same Show on the same day is classified as One (1) appointment.
- a. The Ring Stewarding requirements are to ensure that candidates not only provide valuable assistance with the operation of Shows but also, and more importantly, enable them to observe the judging of breeds. Consequently, the function of Show Manager does not qualify for the aforementioned requirements.
- b. A maximum of five stewarding appointments are able to be counted at the Brisbane Royal Show, this can be made up of 5 ring stewarding appointments or for example 1 ring stewarding and 4 assembly stewarding appointments. Steward card must be signed by Show Manager indicating ring steward or assembly steward.
- c. All Judges in the JTP must maintain and produce, upon request, an official completed and signed Dogs Queensland Steward's Card.

- b. Write a 1000 word Breed information essay and submit to the Group Coordinator within 14 days of the scheduled lecture.

N.B. Once a trainee has missed more than two (2) lectures in any one year, they will not be eligible to sit for any further theory exams in that year.

20. **Theory Examinations:** For metropolitan candidates, theory exams will be conducted at Durack and for distance trainees either by Zoom or with the regional coordinators at the end of each sub-group. Dates will be advertised by DQ in September each year as per the Scheduled Breed Lecture dates. All theoretical examinations will be on the ANKC breed standards. The final theoretical examination for each Group will be held on the second Thursday of July each year.

21. It is recommended that any candidate who does not achieve the required pass mark in a sub group examination, re-attend the relevant breed lectures the following year before they re-sit that sub-group examination. Candidates will not be able to sit for their final Hands-on Examination in any Group, until all sub group examinations have been passed.

- a. Trainees, who are unable to attend any examination due to exceptional circumstances, may apply to the CJC for dispensation for a deferred examination and must supply supporting documentation for the claim. If successful upon application, the CJC will nominate a secondary date for Trainee to sit any deferred examination.
- b. Once all sub group theory exams have been successfully completed the candidate will then be placed onto the Open Show Panel.

Practical Training

22. Once a candidate has successfully completed the theory examinations and are placed onto the Open Show Panel, they must judge a minimum of one hundred and twenty (120) dogs at Open show level and a minimum of Four (4) full Groups.

- a. Breed club and multi breed club numbers will count towards the one hundred and twenty (120) dogs but the trainee must still judge a minimum of four (4) full groups.
- b. The candidate must have a minimum of two (2) satisfactory assessments completed by an accredited assessor whilst judging the full group. The trainee can choose their own assessor but must advise the CJC in writing/ email a minimum of seven (7) days prior to the show for approval. The assessor cannot be family or a close friend. The assessor must advise if the trainee is competent or needs more experience. A further assessment will be required if the trainee does not receive a competent grading.
- c. The CJC has the right to appoint an assessor for any trainee if deemed necessary and requires more than two (2) assessments.

IRISH WOLFHOUND

Mayfoto

The Irish Wolfhound is an intelligent dog and learns very quickly and is easy to train but becomes bored easily with repetitive exercises...

– *Andrew Brown*

The Irish Wolfhound is a truly ancient breed. There are written records by the Greek Philosopher Arrian from about 100AD describing the Celtic Hound. Arrian had his own Celtic dog and she was described as blue-grey in colour and swift, and neat on her feet. A dog's skull was found in a peat bog in Ireland that very closely resembles the modern hound and has been dated at approximately 3000 years old. They are mentioned in The Book of Kells which was written by Irish Monks about 1000AD and are mentioned in many Celtic myths and legends.

Irish Wolfhounds have been given as gifts to many Royal Households throughout Europe through the ages and these gifts to Scottish Clans led to the development of the Scottish Deerhound.

With the agrarian development of Ireland under English rule, the need for the Wolfhound disappeared and the breed came close to extinction.

The Irish Wolfhound was rescued by the efforts of Capt. Graham, a retired Army Officer and a group of dedicated friends. They travelled through Ireland and gathered all the Hounds they could find and commence the revival of the Breed. This was done with very careful breeding with mainly Scottish Deerhounds and laid the foundation for the magnificent breed we have today. There are many Irish Wolfhounds all around the world today due to the efforts of Capt Graham and his friends.

Irish Wolfhounds are some of the most generous and kind dogs, and will form an incredible bond with their family. They are kind and considerate with children and other animals.

The Wolfhound requires daily exercise to stay in good condition and this is good for the Wolfhound and their people. Weekly grooming and a bath every 2 or 3

weeks is needed to keep them looking neat.

The Irish Wolfhound is an intelligent dog and learns very quickly and is easy to train but becomes bored easily with repetitive exercises and does not excel in the Obedience Ring.

The Irish Wolfhound is a Sight Hound and still has the instincts and abilities to hunt and because these qualities are so strong they are excellent Lure Coursers. They enjoy coursing and it is a great activity for the Wolfhound and their humans.

Wolfhounds have been successful in the Show Ring with their size and commanding appearance catching the eye of the Judge on many occasions.

The Irish Wolfhound is the King of the Dog World and is an amazing companion in any families life and his great size and quiet dignity gains admiration where ever he goes.

IRISH WOLFHOUND CLUB OF QUEENSLAND

The Irish Wolfhound Club Of Queensland has been going since 2016 and has around 50 members made up of breeders, pet owners and show goers from all over Australia.

We have many get-togethers during the year including our Specialty Show held at the Durack Sports Grounds normally in August, St Patrick's day in Brisbane city, the gathering at Ipswich Turf Club and many smaller get togethers such as Southbank walks, beach walks and Sunday lunches at dog friendly pubs.

We meet generally 4 times a year for our club meeting at Durack.

If you would like more info on the club or Irish Wolfhounds you can contact the secretary Chris Gorman at

MEDIA UPDATE

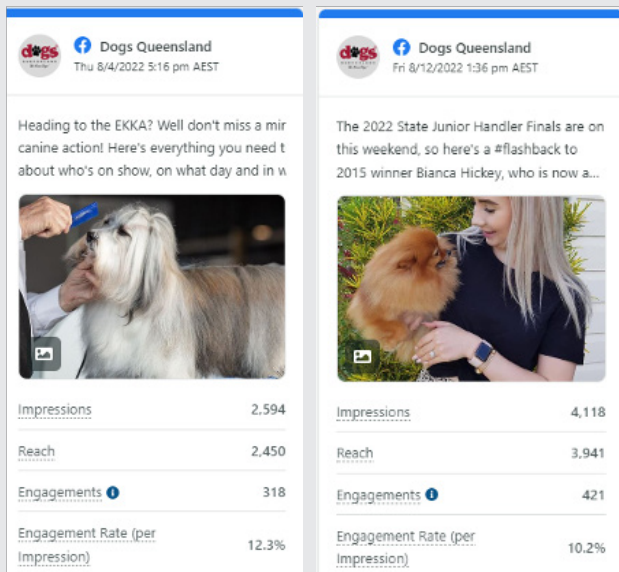

– David Margan

August brings winds and our massive Ekka Shows, so it's been a busy month.

As a result of our pre-Ekka Media Release the Channel Seven 'Sunrise' program and presenter Sam Mac did a live cross to the nation from our show ring and ABC 612 interviewed Ulla, our President for their afternoon drive program.

As well this month Ulla was interviewed by Gold Coast Rebel FM on 'walking your dog'. Ulla managed to broaden the subject matter to make it a little more interesting and happily plugged Dogs Queensland.

Our social media platforms continue to grow, and we had a huge response to our 2015 Junior Handler's Dog World post from late last year, tying in with last weekend's State Titles. We had over 4100 impressions that reached over 3000 people! W O W...

We also had great traction with Ekka2022 posts and shares that reached another 2500 people.

Don't forget to share and hit that like button, it's a simple way you can grow our following and brand.

Australians Helping!

– Ethel Blair

Australians have a strong track record of helping when they see a genuine need and will step up and give generously to a crisis whether that be in our country, or in another part of the world.

When Russia invaded Kiev I suspect many people looked at the news and felt confronted by the many images of cities and towns being decimated. Especially the images of people evacuating from their homes and carrying their dogs to safety were very poignant and illustrated that Ukraine people in their worst hour tried to look after their animals. Being in Australia on the other side of the world left many of us with a feeling of helplessness on how we could help Ukraine.

Basenji Breed Network Queensland's (BBNQ's) fundraising campaigns for Ukraine really started with a message from a Basenji friend in the USA who was expressing her concern about the animals caught up in the war.

Artwork by Iryna Potapenko depicting rescued Ukrainian Basenji puppies that went to the Netherlands.

She asked whether there was anything we could do to help, especially the Basenjis who were being displaced. Then another friend from afar made contact and asked a similar question, which led the author to contacting a friend in Sweden to find out what the Basenji community in Europe was doing to help.

It was suggested if the Basenji community in Australia wanted to help, then we could send funds to the Federation Cynologique Internationale (FCI) because they had set up a special account to receive funds from around the world and would distribute the donated funds to various animal aid agencies and to the Ukraine Kennel Club. This was a good option, particularly when we were so far away and did not have the contacts in Europe to manage our funds and/or to provide direct assistance.

BBNQ ran its 1st campaign on Facebook to raise funds for all dog breeders in Ukraine, which was launched on **March 13**: *“Basenji Breed Network is promoting an appeal started by Federation Cynologique Internationale (FCI) to assist Ukraine breeders and their dogs. The funds will be managed and dispersed by the FCI and will be used to assist ALL breeds of dogs and their breeders. Please consider donating to this appeal...”*

There was an overwhelming response to the post and 24 hours later an invitation was received to a Facebook group that was set up to enable people around the world to communicate and share information with people and their animals who needed assistance. Being in this communication loop on Facebook helped keep us abreast of what was actually going on in the different cities/towns in Ukraine.

We also asked Lana Belakov to assist BBNQ to communicate with the people who were going to assist. We thought Lana would be a good candidate after seeing a Facebook post she did showing her family and friends standing in the centre of Melbourne bearing placards saying, *“I am Russian, but I stand with Ukraine”*. Lana’s contribution to our efforts was invaluable. We raised just over \$1,000 AUD for the FCI campaign.

On **March 17**: we launched our 2nd campaign – *“A Ukraine Basenji breeder with her 6 Basenjjs and 2 Dogs needs to evacuate from Ukraine with her animals. We have 24 hours to raise some funds to send to her so we can secure a van and a driver to transport her dogs. We know that when she starts her 1,000 km journey she will be challenged. We are calling upon your Aussie generosity again to assist her.”*

Alice eventually evacuated her mother, sister and her 8 animals to Poland. She said a number of times how grateful she was for the support Australian Basenji breeders showed her.

Following our 2nd campaign, we were notified of another person who was stuck in Kiev with his Basenjjs. He had some young basenji puppies and adult dogs and was requesting funds for food and vet care.

Our 3rd campaign was launched on **March 25**: *“Sadly BBNQ/A is running another fundraising appeal for a Basenji Breeder in Ukraine. Oleg lives in Kyiv with 5 adult Basenjjs and 4 puppies, and he is one of the original Basenji breeders in Ukraine. He cannot leave his country because all males between a certain age are required by the Government to remain in Ukraine. Oleg needs financial support to feed his Basenjjs and to provide vet care to his puppies. Please donate where you can. All donations are welcome and will help Oleg care for his Basenjjs during these very challenging times in Ukraine.”*

Oleg received his funds and was extremely grateful that people on the other side of the world cared enough to help him with funds.

Just when we thought we might hang up our fundraising boots, another person was brought to our attention so we launched our 4th campaign on **April 2**: *“Yes, there is still more Basenji breeders to help in Ukraine. We are going to run a quick, short appeal for Tatiana Shevtsova who lives in Dnipro Ukraine to raise \$500.00. The situation has grown worse in Dnipro so she has decided to travel to Poland with her 4 Basenji puppies. Tatiana is a*

Alice Dubas' Basenjjs safely in Poland

Facebook friend with many Basenji owners around the world. Please donate to her appeal and share."

We heard that Tatiana travelled to Poland successfully with her 4 puppies and returned to Ukraine.

April 15: "Thank you to all who donated to Basenji Breed Network Qld Australia appeals to help Ukraine dog and Basenji Breeders. All funds have now been distributed. What an amazing effort – we raised across 4 appeals for Ukraine breeders \$5,000 AUD."

The people we sent assistance to are our friends on Facebook and have been for many years, and they are also a part of our international Basenji community. Our campaigns showed Australians at their best – reaching out to the other side of the world and helping people in need. Thank you to all who donated to our Call for Action and for standing together to help our friends in the dog community in Ukraine.

DIRECTOR PROFILE

Patrice Johansen

– David Margan

Patrice Johansen is not a person to be trifled with, she's resilient, tough and knowledgeable.

She's been through the mill of life with all its ups and downs and has been part of our dog world for fifty years as competitor, breeder, international all breeds judge and now, a Director of Dog's Queensland.

She remembers when it all started; *"It was a social event when I first started a time and place to gather where you had great mates outside that ring but competitors in it, there were no dog politics then, it was simply a great time, and I was hooked. We had long breaks over Christmas then, and you'd find you really missed the events and going to the big ones, especially interstate, was just so much fun."*

Earlier it wasn't dogs that took her fancy but horses, showing Galloway Hacks. At one point she even had a moderately successful galloper called, 'Glenovea'.

Patrice grew up in Rosewood which was a small country town then and horses were in my blood, both her grandfather and dad were accomplished horsemen and grandad had a bullock team to haul logs and also a horse drawn road crushing plant that laid the roads around Rosewood and Marburg.

But the transition to dogs and especially Rhodesian Ridgebacks was easy;

"You'll find that a lot of horse people have Ridgebacks, and they are so engaging, low maintenance, calm and very loyal."

Patrice has bred and owned Best in Show and Runner Up Best in Show at Specialties and multiple Best of Breed winners at the Brisbane Ekka.

Her breeding facility, Jomeja Hounds, has this motto,

"The proper and only 'true type' of any breed is that which most exactly subserves the purposes for which the breed is designed. Any malformation which is likely to unfit the dog for its uses is fatal to its being true to type." – The Onlooker 1891.

"My breeding ethic is to maintain the integrity of the breed for which it was bred, sound, functional and

versatile dogs with excellent conformation and temperament."
Said Patrice.

And she has also successfully owned/bred/shown Whippets, Greyhounds, Giant Schnauzers, Bull Terriers, British Bulldogs, Boston Terriers and Blue Tick Coonhounds.

Moving into the world of judging in 1992 was also a natural progression, even if driven by the frequent nudges by friends and ring associates.

"Once I got in there, I found it really invigorating discovering why breeds were the way they were and how they had evolved."

Patrice began just judging her speciality, Ridgebacks, but now does them all as an all-breeds judge and now trains prospective judges. Just in the last 11 months she has judged 29 shows.

Judging has also taken her all over the place, pick a place on the globe and she's been there from judging the National Top 20 Ridgebacks in America to South America, Asia, Europe, Ireland and the United Kingdom.

Patrice has judged the Rhodesian Ridgeback Club of South Africa (Parent Club) specialty show, the prestigious Top Twenty event at the Rhodesian Ridgeback Club of the United States National, the Canadian Rhodesian Ridgeback National and the Rhodesian Ridgeback World Congress show, along with presenting a paper on judging to the breed standard at the World Congress.

I asked her whether such moments in the international ring were stressful,

"No not really, you're having fun doing what you love. You just have to be confident in your knowledge of the breed and look we're all human and so if you make a mistake, you just have to be confident in that moment as well. And every time I go into that ring to judge I invariably learn something new."

For anyone considering training to be a judge she says; *"Dip your toe in the water and have a go, you'll find it very rewarding."*

Her daughter Majella had always loved Basset Hounds but had dropped out of the dog world so recently, on the daughter's 40th birthday, Patrice presented her with two Bassets and now Majella is back in the ring showing and competing. Great result.

On her role as Director, she says;

"It's been an eye opener. Its very easy to be judgemental from the outside but our Board does not make decisions easily or flippantly, they take a lot of thought, work and consultation."

While not sure of whether she will stand again, Patrice Johanson hopes she has made a contribution to our collective good; *"I have done my very best, supported my committees and helped make small steps towards hopefully achieving bigger and better results over time. It has been a rewarding experience to advocate for our members."*

Plus, there have been a host of positions with committees that drive our passion. Chairperson for the Conformation Judges Committee, Chairperson for the Dog of the Year Committee and Secretary for the Yuggera Canine Club. I have previously held executive positions as Secretary Ipswich Kennel Club, President of the Rhodesian Ridgeback Council Australia, President of the Rhodesian Ridgeback Club of QLD, Secretary of the Hound Club of QLD, and committee member of the Strategic Planning Committee Dogs QLD.

Her regrets? Well not having a standardised national judges training scheme is one and too, a lost past.

As far as Patrice is concerned her happiest times in the dog world were those simple times of the past when a show was a fun family centred occasion.

Patrice believes the congeniality of shows has faded and that where once, as competitors stepped into the ring, they felt they were on a level playing field and the judge's decisions were accepted, now with there is an unpleasant intensity, aided and abetted by the scourge of social media.

"People have to be thick skinned to show today, people have to remember we aren't trying to win a sheep station, in the end it's just a ribbon. Our dogs know what's important."

Samantha Page - Qld Junior Handler Champion 2022

Russell Ellem Photography

– David Margan

Our dog world is often perceived by outsiders as a strange one where it's dedication, even obsessiveness and the passion of competition can be seen as well, odd.

The surprise registered by strangers when they first come to a show with its caravans of pens, fancy transport rigs and sheer numbers of people, is plain, wow!

Most outsiders just don't realise how big this sub-culture is!

Such is the life of the Page family, while Dad's passion is golf, for Mum, Amy and Samantha and sometimes, brother Ryan its dogs, dogs and the competitive thrust of shows.

"Its just what we do.", said Amy

They are the second and three generations of family Dog's Queensland devotees.

Amy's Mum and Dad still do shows and trials.

That passion was rewarded at last month State Junior Handlers' finals when 12-year-old Samantha won her age group and then took on all comers to win the

State final with Australian Shepherd, Twix.

" It was pretty good, pretty exciting and a bit of a shock after six years of trying." Said Samantha.

Every year since she was seven Samantha has won her age group in four out of five state finals, but this time she went on to win the title of the best in state and will travel to Adelaide for the National Championships in October.

" I've never really been to Adelaide before, perhaps as a baby, it will be really exciting to see another state and see what other people show and how good they are."

I asked her if she thought she could win,

" I don't know but I will certainly be trying to do my best."

Mum says he daughter has had some very special help;

"Samantha has also had the guidance and support of Belinda West who we met when she was a junior handler judge. She told Samantha that if she ever needed a dog to show she could have one of her Australian Shepherds and so a bond both human and canine was formed, and it was with Twix that she won

the state title.”

It’s a view shared by Samantha

“ Apart from my mum of course, Belinda has been the most help to me, showing me the way around the ring, advice on grooming and she has lent me her dogs to show. She really has helped me a lot ever since I started when I was seven.”

Amy added; “ She just really enjoys it and likes to do well, I suppose we are a very competitive family. Samantha also plays touch football, and she likes to win at that too, she goes hard.”

That determination is reflected in the effort Samantha puts into the discipline, shows virtually every weekend and the show training, the run, standing and swapping sides, again and again till handler and canine are smoothly, perfectly in synch.

“ It’s fun to train and show a dog, you really connect with them, and you make a lot of friends.”

Brother Ryan shares the interest but not necessarily the hard work, he entered the finals wanting to, and believing, he could beat his sister. In the end he came second to her in their age group. On her brother, Samantha said;

“He doesn’t really do enough training, he has other interests .”

“ I love playing basketball and footy, but I thought I’d try and beat my sister, but I lost, that was tough luck! But I was really happy with second though.”

The family will drive all the way to Adelaide for the National Finals, which is not unusual given their love of what they do. Amy and her brood would regularly leave Brisbane on a Friday night and drive to Sydney for a show, return on Sunday night then off to work on Monday morning.

“ Some people just shake their heads, they think we’re nuts, but they just don’t get it, they haven’t got the bug.”

She can’t define in words what that bug is, but I guess all of you out there will know exactly what she is referring to, “We just love going to the events, catching up with friends, enjoying the atmosphere, the camaraderie and the competition, it’s terrific.”

So, what’s next for Samantha?

Simple really, more training, more shows and one day her own, perfect dog.

WHICH ONE IS THE ACCOUNTANT??

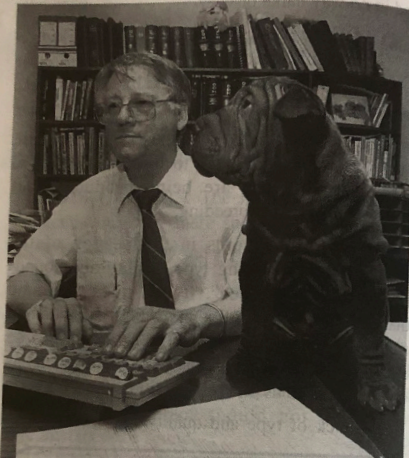

Photo courtesy of Fraser Coast Chronicle

You know that there is a lot more to breeding good dogs than just throwing two adults together at the appropriate time. You know the years of hard work that you put in to try to breed the elusive "perfect dog". You see the results in the ring of that work, long hours of training and experienced handling. Isn't it just plain commonsense then to have the same in the person who you work with to ensure your financial good health?? You need someone who doesn't just do your tax return once a year and tell you how much you have to pay the taxman. Sure that necessary evil has to happen, but you need someone dedicated to your financial well-being, not just now, but well into the future. That person has been around the dog rings for years and you didn't know it. Trevor Crisp, founding partner of the firm of Crisp Lynch & Fagg, not only knows his dogs, he knows he can help most people to greater wealth creation. You can benefit from the years of experience Trevor has had in running numerous businesses outside and beside his accountancy practice. You might find him a little different than your average accountant but aren't we all a little different in the dog world? Grab Trevor for a chat if you see him at your next show—talk about yourself, your business, yes, please talk about your business, you will be amazed at some of his ideas for scoring Challenge Points in \$\$\$\$.

If you don't catch Trevor around groups 6 or 7, give him a call at his office at Crisp Lynch & Fagg, 183 Given Terrace, Paddington or call on (07) 368 1644. You could even call him at home at Gablehaus Kennels on (07) 202 6509. (That's different isn't it?? Being invited to call your accountant at home.)

Breeder Alert – Puppy Scam Websites

Dogs Queensland has become increasingly aware of Puppy Scam Websites using legitimate Dogs Queensland Registration and Queensland Breeder Identification (BIN) Numbers to sell puppies. Dogs Queensland Registration Numbers are obtained from legitimate websites such as Dogs Queensland or DogzOnline, where they are displayed as required by the Queensland Government.

Please see the [Queensland Dog Breeder Fact Sheets](#) for regulations and guidelines for Queensland Dog Breeders.

An example of a typical scam is:

- A Dogs Queensland Membership number is lifted from current advertising on the internet.
- The scammer researches and obtains personal details of the breeder including name, suburb, prefix.
- A domain name similar to the Kennel prefix is registered on an offshore registry.
- Once the breeder has ceased advertising the litter of puppies a new website is published.
- No physical address or phone numbers are advertised on the website.
- The seller avoids permitting you to physically see the cyber puppy and only sends non genuine pictures.
- The seller insists on only accepting payment by a crypto currency or a funds transfer.

As a breeder what can you do to avoid being an unknowing victim of a Puppy Scam:

- Regularly Google search the internet for websites using a similar Domain Name as your Prefix.
- Put a warning notification in your online advertising to alert buyers to check any website they are looking at is legitimate.
- Encourage puppy buyers to verify breeder information with Dogs Queensland and make direct in-person contact with you.
- Ensure puppy buyers check communications are made with verified contact details.
- Encourage puppy buyers to meet the puppy and breeder before handing over payments.

As a buyer what can you do to avoid being a victim of a Puppy Scam:

- Verify breeder information with Dogs Queensland.
- Ensure communications are made to verified contact details.
- Meet the puppy and breeder before handing over payments.
- If paying online, use a credit card or PayPal where you have a degree of buyer protection.
- Check website is an established site with a website security certificate.
- Avoid websites without physical address or phone numbers.
- Ask for proof, including ANKC registration papers and veterinary health records for any puppy.

Importantly you should report any suspect sites or advertising to the [ACCC ScamWatch](#) website. Please let us know about any suspect websites too by contacting Dogs Queensland on 3252 2661 or by email at info@dogsqueensland.org.au.

Eukanuba™

Okie Ch Lurikeen To Glam T Give A Damn – owned by Ashlea Stanton and Julie Harris

‘THE FUTURE LOOKS BRIGHT’

I have been showing since 9 years old and in 2001 purchased my first Shetland Sheepdog.

I now share the prefix Lurikeen with my mother Julie and together we have campaigned 3 Supreme Champions, Neuter Grand Champion and multiple Australian Champions, including breeding an International Champion. These dogs have won multiple awards from Best Exhibit in Show's, Amish Challenge Awards and Western Australia's prestige Contest of Winners.

We have been feeding Eukanuba for over three years. At the time, we had a young puppy who was struggling, unable to maintain her weight and our vet recommended we change her diet so we decided to try her on a bag of Eukanuba we had won. This was the best thing we did for her. Not only did she put on weight, but she managed to maintain it and, in the process, grew an amazing coat. We are well known for our dogs having beautiful coats, but we hadn't had a puppy with a coat like this before.

We made the decision to change the whole team over to Eukanuba Premium Performance Sport and Eukanuba Puppy and our dogs' coats and overall health have never been better. The future looks bright for our up and coming youngsters, they are thriving, our sensitive stomach dogs have changed over with no issues and the results speak for themselves within our show team.
